

# How our innovations can help you with finding and booking resources

## Find Me A Locum

- Supporting increase of GP availability to improve patient access
- Our resource-matching app enables locum GPs to offer themselves for vacant GP sessions in practices
- Quick and easy to use
- Saves GP practices time and money and takes the hassle out of filling locum sessions
- Reduces reliance on recruitment agencies
- Provides full audit trail in line with CQC recommendations
- Checks General Medical Council databases to verify accreditation
- Already used successfully by GP federations in North Staffordshire and Cheshire
- Great reviews from practices, locums and finance teams
- Being developed to include the nursing bank

### Find Me A Locum

In the first 8 months of use in North Staffordshire almost 100 GPs registered and around 1400 vacancies were filled.

**Find Me A Locum has taken the stress out of finding GP locums. It's made it easy to fill our locum sessions quickly, with experienced, knowledgeable, reliable clinicians. I highly recommend this fabulous resource to practices.**

**Kirsty Moore**

Practice Manager, Stoke-On-Trent

## Find Me An S.12 Doctor

- Speeding up and taking the hassle out of sourcing accredited Section 12 doctors to undertake urgent mental health assessments, and issue S.12 certificates where appropriate
- Available via web portal and phone app
- Doctors geo-located and selected within minutes
- Post-assessment automated claims process gives funders critical financial control
- Daily check of national S.12 Database, improving assurance that assessments meet legal requirements
- Meets shared information governance standards
