

# How we can help you embed equality and human rights into your culture

## Advice, strategic and operational support and training from our expert Equality & Inclusion (E&I) team

- We work with NHS and Local Authority clients to tackle discrimination and embed equality and human rights into structures and processes
- We are one of the largest providers of Equality, Diversity and Human Rights support to NHS organisations
- Our own diverse workforce fosters different perspectives, experiences, knowledge and skills, giving us deep understanding of the real issues faced by our clients and the communities we serve
- Our knowledge of all E&I policy and legislation is up-to-the minute. We provide alerts on changes and help clients prepare for new legislative requirements
- We have strong relationships with different organisations that support our ambitions
- We provide annual reports in line with the Public Sector Equality duty
- Our strategic support helps clients with action plan development for transformational change
- We are experts in sourcing wide ranging community and health inequality data and turning it into useable intelligence to inform planning
- We support the full range of assessments including Equality Impact and Risk (EIRA), Human Rights and Health Inequalities. We provide training in undertaking assessments
- We provide a secure, easy-to-use, online system for recording Equality Impact and Risk Assessments – U Assure
- We have a long-established track record of delivering equality awareness training to Primary Care providers
- Having CQC inspectors as part of our team provides us with great insight to the inspection process

Currently supporting 28  
CCGs across England

Our E&I experts have  
combined experience  
of 200+ years
