

How we can help you procure non-clinical goods and services to achieve best value for money

Procurement of non-clinical goods & services

- Our tried and tested, comprehensive service ensures:
 - Selection of a high-quality supplier
 - Safe navigation through the complex procurement maze
 - Minimised risk of complaints or legal challenge
 - Compliance with regulations and customer Standing Financial Instructions
- Our team of 25 senior procurement managers and officers are all chartered MCIPS professionals or training to be fully qualified

- We are one of a select group of organisations who have achieved The Chartered Institute of Procurement and Supply (CIPS) Procurement Excellence Standard
- Our end-to-end offer includes:
 - Advice on supply chain markets
 - Raising and issuing of electronic purchase orders to suppliers
 - Resolution of complex purchase-to-pay issues
 - Undertaking of procurement exercises – tendering or mini-competitions against framework contracts; sourcing quotations
 - Support for accessing frameworks
 - Collaboration opportunities to ensure value for money

My congratulations and thanks go to the MLCSU team for their hard work, dedication and tenacity to challenge their own systems and meet the challenges of the Procurement Excellence Programme.

Alan Martin

Head of Procurement Excellence, CIPS
