

Welcome to PrimaryPoint™

PrimaryPoint is an online portal developed by Midlands and Lancashire Commissioning Support Unit (MLCSU) to provide primary care customers such as general practices and Primary Care Networks (PCNs) with fast and easy 24/7 access to up-to-date, compliant policies, procedures, toolkits and other services.

Designed exclusively for primary care, PrimaryPoint helps organisations to be compliant with the latest legislation and best practice. Ready-made templates and stationery, personalised with your own organisation's information and logo will help to reduce your day-to-day administration; freeing up time to spend on patients.
